

Meeting started at 7:05pm with a prayer from Ms. McCann.

Angela Martin from the board spoke about how going forward there will be new protocols set up so going forward all events can take place without the committee that started the event. Since there is no assistant principal the HAA will take over the role. Everything gets written down and notes. "Paper remembers what the mind forgets"
8th grade is a different entity on its own and we will do the same with them.

Ms. McCann then went over the "Principal report".

First she thanked the HAA board for taking the time already spent and the time that will be spent this year.

Reminded us that the pantry is in need. Asked all class parents to remind their class to not forget the pantry when they shop.

Pie goal for the pantry was met. 103 pies were donated.

Ms. McCann spoke on behalf of Kathryn Bourgoine who was unable to attend.

Mrs. Bourgoine ran the coat drive earlier in the month, where 790 items were collected.

She will also be running the toy drive. Starting after Thanksgiving break. Please bring in an unwrapped new toy. Volunteers will be needed to help sort. Mrs. Boutgoine will make a schedule and reach out to those who signed the volunteer form.

Ms. McCann then reminded all that this was the last year of Terra Novas. We will be going forward with IReady. The teachers are looking at the first diagnostic. Second round of IReady will start in Jan 2023. Then all information will be evaluated and then the teachers will compare, review and set goals.

In person parent teacher conferences are back. On 12/1/22 there will be a link sent from your child's teacher to set a time for parent teacher conferences.
